Financial Planning for Today and Retirement!

Academic 127

1:30PM – 3:00PM

It has been said that we spend more time planning our vacation than we do planning our estate distributions at death. As people of faith, why do we procrastinate this important step of distributing to our family and charity? This seminar explores the steps necessary to begin the process of planning with a focus on taking care of ourselves and family first, and then remembering charity in meaningful ways. Suitable for all ages.

As young adults, growing up in the American culture, we're swayed and influenced in ways that are not always in our best financial interests. This seminar addresses seven things that will help to sharpen your focus on money and wise money management. Suitable for all ages.
