

Northern Spirit Radio

Daily Live Interviews at the FGC Gathering

Monday, Tuesday, Thursday, Friday at 3:15 pm, and *Tues/Thurs at 1:30 pm*

Location: Killian 222

<p>Monday July 6 3:15 PM <i>Greg Elliott</i> Sustainable Spirit-led Activism</p> <p>Greg is helping AFSC launch a program to help Friends avoid the burn-out & lack of results which result from uncentered, though well-motivated, activism. With an approach that ties together spirit & action, using worship, storytelling, & deepening relationships, we are helped to remember the ways in which we can be faithful to our work of world-healing, without giving in to a exhausting and unfocused treadmill. Greg is Friends Relations Associate for the AFSC.</p>	<p>Tuesday July 7 1:30 PM <i>Zachary Moon</i> Bringing Peace to Soldiers: Military Chaplaincy & Beyond</p> <p>Relatively few Quakers serve in the military, even as a chaplain as Zachary Moon does, and too few know how to really support our troops when they return home. Zachary is a life-long Quaker and author of <i>Coming Home: Ministry That Matters with Veterans and Military Families</i>, and he helps us learn to be a source of healing for those returning from war, including those with PTSD, Moral Injury, or simply transitioning back from a very different life.</p>	<p>Thursday July 9 1:30 PM <i>Tom Small</i> Doing the Work of Noah: Growing the Ark</p> <p>Environmental work can too often feel abstract and short on concrete results, while making friends with the plants & animals of one's region is powerful, fulfilling, world-rescuing work. Tom is co-author of <i>Using Native Plants to Restore Community (In Southwest Michigan and Beyond)</i>, in which he explores both the big picture & the specific cast of characters of our landscape.</p>	<p>Friday July 10 3:15 PM <i>Dr. Tieraona</i> Low Dog Life & Food Are Medicine</p> <p>Too few doctors do what Dr. Tieraona Low Dog does, looking at health with a wide lens, taking into account the well-being engendered by the right balance of life and food. Tieraona combines careful analysis of the medical data with depth of knowledge in the fields of midwifery, herbalism, massage therapy, and nutrition to advocate for integrative medicine.</p>
	<p>Tuesday July 7 3:15 PM <i>Brad Stocker & Tere Campos</i> Nicaragua Inter-oceanic Canal – No!</p> <p>Brad & Tere are both active with the concerns of the Earthcare Committee of Southeastern Yearly Meeting, involved in all sorts of environmental work, including the establishment of SEYM's field secretary for Earthcare, and work against the proposed Nicaragua Inter-oceanic Canal. Brad has a post-doc certificate in ecology and human spirit, and Tere is a director on the board of ProNica and native to Nicaragua.</p>	<p>Thursday July 9 3:15 PM <i>Carrie Newcomer</i> Song of the Soul</p> <p>Carrie's music is simply the most beautiful expression of Spirit and, from my point of view, Quaker Spirit, that I've seen. This will be Carrie's third visit to Song of the Soul, a result of her abundant creativity and continuing fruitful expression of Light & Love through her music. It will be interview mixed with mini-concert.</p>	

These interviews are being recorded for the **Spirit In Action** and **Song of the Soul** broadcasts of NorthernSpiritRadio.org, a project minuted by Northern Yearly Meeting and under the care of Eau Claire (WI) Monthly Meeting. The programs produced from these interviews will be posted on the website when they are ready for broadcast. Pick-up sample CDs of past broadcasts at the Northern Spirit Radio display.
