SCHED Directions

Sched is an online scheduling app that we are using to make accessing the Gathering easy. Most Gathering events with the event descriptions and corresponding Zoom links can be found on Sched.

Some events limited to pre-registration or particular groups will have their event links only sent out by email. Workshops, pre-Gathering events, and events only for People of Color will only be sent to you by email.

If you choose not to use Sched you will find the links to all of the events you registered for in your email. Links to Afternoon Activities, Open Hang Outs, and Drop-in Worship Sharing will be in the Daily Email.
